OFFSHORE SERVICE PROVIDERS CONTINUE TO JOIN PRO UNLIMITED'S VMS/MSP PROGRAMS

BOCA RATON, FL: MARCH 3, 2010, PrO Unlimited, a leading provider of services and technology used for the management of the contingent workforce, announced that it has added over 250 offshore vendors to the already robust list of offshore companies currently servicing PrO clients. These companies, now part of PrO's network, include many leading outsourcing service providers headquartered in India and other locations worldwide. PrO's vendor-neutral offering now includes over 2,000 suppliers capable of delivering services to PrO's clients.

"Outsourcing continues to be a critical component of a comprehensive contingent workforce management program for our clients," said Allie Ben-Shlomo, VP of Client Services for PrO Unlimited. "By offering visibility to such a large portion of spend, we are providing these large employers with a more holistic view of their contingent workforce. The embedded logic within WAND offers significant opportunities for billing efficiencies and process improvements, as well as in many cases, cost savings."

"The complexity in capturing data for outsourced providers can be challenging," added Allie Ben-Shlomo. "Our years of experience and intellectual capital in this arena provide a critical advantage to our clients, allowing automation of pricing schedules that go far beyond traditional time and materials to encompass variables such as shift differentials, tax and customs protocols, full/partial-day variable rates and grace days, just to name a few."

About PrO Unlimited, Inc.

PrO Unlimited delivers a full range of services to address procurement, management and compliance issues related to contingent (non-employee) workers (i.e., independent contractors, consultants, temps and freelancers). PrO pioneered the concept of vendor-neutral contingent workforce management in the early 90's and now works with some of America's largest and most prestigious companies. As part of its total solution, the company offers services such as e-procurement of contingent labor, 1099 consulting and audit support, as well as third-party payroll. PrO hosts its own VMS application, WAND currently utilized in the U.S. and abroad. PrO Unlimited is based in Boca Raton, FL, with offices worldwide.
